**Senate Legal and Constitutional Affairs Legislation Committee - Whistleblower Protection Authority Bill 2025 (No. 2) - Submission**

Dear Submitter,

The committee is unable to accept documents provided to its inquiries anonymously. To accept a document as a formal submission and have it protected by parliamentary privilege, the committee needs to know the submitter's name and have some way of contacting them.

If you would like the committee to consider the document that you provided to its inquiry into the Whistleblower Protection Authority Bill 2025 (No. 2), please provide the secretariat with your name and contact details. Your name and contact details will only be provided to the committee members.

The secretariat also understands that you have requested your name be withheld from publication. To assist the committee in its consideration of that request, could you please outline the reason(s) for making it?

Kind regards,  
Mervyn
